

Guide for Taking a Leave of Absence
Duke Kunshan University
AY 2024-2025

Leave of Absence

Students who wish to take time away from their studies temporarily for personal, medical, or military-service reasons, but intend to return to Duke Kunshan University are advised to take a Leave of Absence if possible. After finishing the first semester of the first year, students in good standing may request leave of absence for one or two semesters by completing a leave of absence request form and submitting it to the Leave of Absence and Return team prior to the first day of classes of the term in which the leave is granted.

- **A personal leave of absence** starts after one semester ends and before another semester begins. Students requesting a personal leave of absence must be in good academic standing. A personal leave of absence is not granted for a term in which classes have begun, except in extreme cases such as family death or recent diagnosis of terminal illness.
- **A medical leave of absence** with proper documentation may be granted at any time but with one restriction. Students requesting a medical leave of absence during a current session must file the completed leave of absence forms and all supporting documentation with the Office of Undergraduate Studies prior to the end of the last day of classes of that session.
- **Students called to a military service** can request a leave of absence as early as the first term in the freshmen year. If the leave of absence starts from the first term in their freshmen year, students should first complete all the new student registration procedures before applying for a leave of absence.

Return is contingent upon approval of a Return from Leave of Absence application. The University reserves the right to request appropriate documentation, determined on a case-by-case basis, to confirm that the student is qualified and/or ready for return.

A student may receive transfer credit for no more than **two courses (a maximum of 8 credits)** taken at another accredited four-year institution in the US or similarly accredited institution abroad and with a liberal arts and general education curriculum while on leave of absence for personal or medical reasons.

This guide is crafted in accordance with the Leave of Absence policy on page 64 in the *DKU UG Bulletin* <https://duke.app.box.com/s/u6ajvjuo2yocn57rld4ztu6jrrdxfn0n> to help students go through the application process smoothly in a step-by-step manner.

Application

1. Consult with your family or guardian and get their approval and support;
2. Download the Leave of Absence application form at https://newstatic.dukekunshan.edu.cn/mainsite/2024/07/22111522/Leave-of-Absence-application_July-2024.pdf, fill in the basic student info, and ask your academic advisor to sign the application form. Discuss your plan for a leave of absence with your academic advisor, including but not limited to reviewing an updated four-year plan with your advisor to **determine how a personal or medical leave of absence may affect your progress toward graduation (very important)**:
 - You should NOT assume that you will be allowed to overload in a later session to make up credits. A Leave of Absence might result in a delayed graduation date.
 - If you take a leave of absence for medical reasons that begins during the last 2 weeks of a session, you may consult your course instructors and your academic advisor on whether to take a “W” or an “I” grade for each course. (See “Medical Withdrawal from a Course”, and “Incomplete Coursework and Excused Absence from Final Exams” in Part 6 of the DKU UG Bulletin <https://duke.app.box.com/s/u6ajvjuo2yocn57rld4ztu6jrrdxfn0n>). Note that if you choose to take an “I” grade, you must resolve the incomplete by the specified deadline. The “I” may not be converted to a “W”. You should only take the “I” grade option if you are up-to-date with the coursework and are certain you can complete the course by the specified deadline. If the “I” is not completed by the deadline, it will convert to an “F”.
3. If you have a Signature Work mentor, please determine the effect a leave of absence would have on your signature work by checking with the your Signature Work mentor and ask him/her to sign the application form;
4. Determine the effect a leave of absence would have on financial aid by checking with the Financial Aid Office and asking them to sign the application form;

Refund

When students take a leave of absence, withdraw from the University, or are withdrawn by the University, an adjustment to tuition may occur, depending on the date and the reason for the withdrawal or leave of absence.

If the tuition adjustment results in a credit balance, the student or parent may elect to have the balance refunded or carried forward for future terms.

The University Tuition Withdrawal Adjustment policy is compliant with Jiangsu Education Department's regulations. The tuition withdrawal adjustment is calculated on a semester basis as the tuition charging and will be processed with all the other refundable charges. The tuition withdrawal adjustments of students who take a leave of absence, withdraw or are withdrawn from the University shall follow the following guidelines:
